Dynamic Headspace DHS

GERSTEL® Dynamic Headspace DHS

The Dynamic Headspace (DHS) option for the GERSTEL MultiPurpose Sampler (MPS) enables efficient automated extraction and concentration of VOCs and SVOCs from liquid or solid samples placed in standard headspace vials. Compared with static headspace and SPME, DHS offers significant improvements in recovery and limits of detection. Analytes are concentrated on a sorbent filled tube and subsequently transferred to the GC/MS by thermal desorption in the GERSTEL Thermal Desorption Unit (TDU). A new trap can be selected for each sample ensuring that no carry-over is experienced even for the most difficult samples.

This Supplies Catalogue provides a list of certified consumables, accessories and spare parts essential for the smooth operation of your GERSTEL® DHS. You have the right to demand the highest quality and performance from your GERSTEL system. In order to ensure best possible performance throughout the life of your system, please use only consumables, accessories and spare parts provided by GERSTEL. All GERSTEL products are made to exact specifications. Use of products not approved by GERSTEL can cause system malfunction or damage and may void system warranty. If you have any questions please do not hesitate to contact GERSTEL. Typically, the most efficient way is to contact your local sales representative.

Please note:

Adsorbent tubes and transport adaptors are listed separately in the TDU Supplies Catalogue.

Screw cap vials

Vials	mL	Thread Ø	unit	Part no.
Clear, Ø11.6 x 32 mm, for DHS dry position	1.5	9	100	093640-046-00 ❶

magnetic Septum: Silicone blue / PTFE white, 1.3 mm, 35° Shore A	18	100	093640-040-00 ❷
magnetic Septum: Silicone blue / PTFE white, 1.5 mm, 60° Shore A	18	100	093640-041-00 ❸

Part no.

10mL vial insert for DHS station

1 unit

015809-000-00

Viton O-rings for DHS station

Bottom tube sealing O-ring

1 package (5 units)

015907-005-00

Extraction tool for O-ring inside DHS station

1 unit

015892-000-00

Disposable syringe, 10 mL

for manual pneumatic tube release

1 unit

015996-000-00

Preventive maintenance kit DHS

consisting of:

DHS needle with Viton ferrule (1 unit)

Viton O-ring for DHS station (5 units)

014100-913-00

DHS needle with Viton ferrule

1 unit

017674-500-00

Viton O-ring set for DHS needle

1 package (2 x 10 units)

016050-010-00
